

It's News Here!

Blood Mobile at Legion Wed., Jan. 9

They are in trouble "Down Below" again, and it is beginning to affect us in Northern Michigan too.

The extended Holiday Season layoffs in the automobile industry to cut production and reduce dealer inventories of new cars is cutting back Blood Bank Schedules over 30%, and the Petoskey Red Cross Sub-Center which supplies Mercy Hospital is running "tight" because of the critical need for Blood in the Flint Regional Blood Center area which covers most of the thumb of Michigan and the counties north of Lapeer-Genesee.

Crawford County has been challenged again to get at least 100 Donors for next Wednesday's Blood Bank at the American Legion Hall from noon til 6 p.m.

Our Donor performance so far this years-that is since July 1, 1979-has been outstanding! We have averaged over 100 Donors for the last three Blood Banks held in July, September and November.

So, you wonderful Donors, let's do it again. Please, mark your calendars for Wednesday, January 9th, and come to the Legion Hall between Noon and 6 p.m. and once more make that greatest gift of all, the gift that only you can make, a pint of your precious life saving blood.

Culprits Sought in Dairy Theft

Crawford County Sheriff's Deputies are investigating the breaking and entering at the Wilson's Dairy Products warehouse on Millikin Rd., an incident that occurred sometime New Year's Eve. According to the Sheriff's Dept., a large amount of dairy products were removed from the building including 150 dozen eggs, milk, margarine, assorted dips and a variety of other items.

Anyone with information on the theft is encouraged to contact the Sheriff's Dept., 348-6341. Identity of anyone providing information will of course be kept confidential.

Other than the incident at the dairy, the Sheriff's Dept. reported an unusually quiet New Year's Holiday weekend. The department attributes the slowdown to the absence of winter sports enthusiasts to the area because of the lack of snow.

Karen Hanson Named Free Press Honorable Mention

Senior guard Karen Hanson, who led the Viking cage squad to a 7-14 record this season, was named Saturday to the Detroit Free Press honorable mention team. Karen, who starred both offensively and defensively for this year's team, was recently a first team selection on the Michigan Huron Shores basketball squad. She averaged 15 points per game in league action and led the team in assists.

Karen is the daughter of Marilyn Hanson and LTC David Hanson of Grayling.

Rotary pledges \$650 in Borchers' memory

The Grayling Rotary Club has pledged \$650 to the ambulance fund in Crawford County in the name of Clyde Borchers who died recently.

Relatives had asked that donations to the fund be made instead of sending flowers. The club, in honor of Borchers who was a leading member, pledged the sum in his name.

On another matter, the club also elected Norm Lesinski, Bill Klinger and Don Geiss to its board of directors.

In a meeting of the board held after the election, Paul Thomson was named president-elect; Jerry Morford, vice president-elect and Don Geiss, secretary-elect. Art Weidenman was appointed treasurer effective immediately. The elected offices will be effective July 1, 1980.

Grayling Players To Present Classic Play

"The Night of January Sixteenth" an explosive courtroom drama in which the ending depends on the verdict handed down by a jury drawn from the audience, will be presented by the Grayling High School Players in the Joseph Stripe Auditorium on January 12 and 13. This unusual play by Ayn Rand, author of the international best-sellers "The Fountainhead" and "Atlas Shrugged," has remained a favorite all over the world.

Jesse Bennett, Sr. Succumbed Tuesday

Jesse W. Bennett, Sr. of Grayling died Tuesday, January 1, 1980 at Grayling Mercy Hospital. Funeral services will be held Friday January 4, 1980 at 3:30 p.m. at Sorenson Funeral Home.

Stanley Hummel Dies in Florida

Stanley S. Hummel, of Maple Forest died December 31, 1979 at Fort Pierce, Florida. Funeral services will be held Friday, January 4, 1980, at 1:00 at Sorenson Funeral Home.

since it first opened in New York in 1935. The verdict of "Guilty" or "Not Guilty" has been handed down in almost every language in which plays are performed, by juries made up of members of the audiences sitting in the jury box on the stage.

The gripping case being tried in "The Night of January 16th" is the murder of Bjorn Faulkner, a Swedish financial manipulator whose colossal frauds were on the point of being exposed. Charged with his death is Karen Andre, his beautiful secretary who also claimed his love.

Her motive is said to be her fury at his marriage to the daughter of a socially prominent banker. A parade of witnesses testify to her seeming guilt. Her acquittal depends on the jury believing a fantastic story that involves international finance, a bullet-riddled gangster's body, a secret airplane flight and an underworld figure's testimony. After each side has presented its emotion-packed version of the event. See Players on Page 14

Commissioner's Belt-tightening Pays Off

County's Finances: "Healthier in 1980"

One thing the 1979 Board of Commissioners knew when they took office last January is that \$76,000 of the annual budget would go toward unpaid 1978 bills.

One thing they didn't know is that by April, financial projections would show they may be in the red by as much as \$400,000 plus by year's end.

"At first I thought the commissioners didn't believe me," said County Treasurer Joe Wakeley when describing the reaction of the Board when he presented the ominous financial picture early in '79, "but later I realized they just thought it

couldn't happen to them." Wakeley's report outlined three projections indicating a possible deficit ranging from \$208,000 to as much as \$461,000. As a matter of fact there was some speculation the county might run out of money as early as October.

The Board, with five new commissioners seated in 1979, had inherited a budget of \$1,625,022 when they took office, with anticipated revenues expected to match expenses in that same amount. "Frankly, some of us were inexperienced when it came to managing and planning for a budget of that proportion," said Jeannette Kitchen, one of the new

commissioners taking office last year, "but we learned in a hurry." Other members of the Board include Jackie Bonkowski, Andie Neilson, Claude Halstead and John Miller, all new last year, along with Matt Bidvia and Larry Mattis, who acts as Chairman.

What the board did to head off a possible financial disaster is now a matter of history. Diligence, study and careful managing by the Board over the past eight months has changed the status of the financial position of the county dramatically.

Armed with the figures from Wakeley, the Commissioners dug in and for-

mulated a plan that converted a bad financial situation for the county into one of respectability. Not that the county is out of the woods yet, but the deficit has been cut from one of gigantic to one of manageable proportions.

Figures late last week indicate the County entered 1980 with a deficit of somewhere around \$100,000, substantially under the lowest of the April projections. And that figure will be reduced by \$12,000 when federal revenue sharing funds for the last quarter of 1979 are received, expected any day now.

But perhaps even more See County's on Page 8

White Pine Stampede: Cross Country Endurance Test

by Joe Schrader

For the participants it's a test of pride and endurance. For their families, friends and entourage it's a day of fun in Michigan's Winter Wonderland. For northern Michigan residents it's February 3rd and time for the 4th Annual running of the 1980 White Pine Stampede, Michigan's longest cross country ski event.

Plans are being finalized for this year's start from Mt. Frederic (or Twin Peaks), north of Grayling for this year's race expected to draw as many as 400 participants. Last year over 300 men, women and teenagers donned boots and skis to test their skills over 50 kilometers of outdoor Michigan beauty. A shorter, 20-kilometer course has also been set ending in Deward where the Cameron Bridge crosses the Manistee River at the

Crawford-Kalkaska line.

The tougher, more challenging 50 km. race ends at Mancelona & follows a route through 4 counties, three-quarters of

which is state-owned land, the rest private property. Skiers will cross over snow-covered peaks and valleys, fields and woodland offering the ultimate in out-

door winter adventure. Countless spectators will be on hand for the start and finish and along the way to urge their skiers on. See Stampede on Page 8

Miss Grayling Winter Pageant Set For February 2nd

At a committee meeting held last Friday, plans were formulated for the 1980 Miss Grayling Winter Sports Pageant.

The goal for this year's

first place scholarship prize has been increased from \$300 to \$500. This should be a real incentive to all of the young ladies from Crawford County who are

single and between the ages of 17 and 20 who wish to further their education.

Applications have been submitted so far by four Grayling girls, Barbara Hoffman, Jeanne Lange, Michelle Bancroft and Lisa Eshenroder. There is still time to pick up an application from the Grayling High School office or the Chamber of Commerce. Deadline for registration is January 5, 1980.

Vike Cagers Resume Action Friday

by Joe Schrader

Grayling High's unbeaten Viking cage squad will try to keep its streak alive when the team travels north to Rogers City to face the Hurons Friday night. The conference encounter will be the 6th straight for Grayling, clinging to a one game lead in the league race over Gaylord. The JV squad, 3-2 this year, will play the preliminary contest against the Hurons beginning at 6:30 p.m. Rogers City is sporting a 1-3 conference mark. Next Tuesday the Vikes will play their first non-conference game of the year, facing Houghton Lake in a road contest.

Middle School cagers will also swing back into action next week with the 7th grade "A" & "B" teams playing Gaylord here at home on Tuesday, January

8th with the 8th grade teams playing in Gaylord the same night. On Wednesday, the 7th grade teams will host West Branch with the 8th graders on the road again to face the same school. First game each night begins at 6:30 p.m.

Playing "run and gun" basketball, Grayling is off to its best start in years under Coach Warren "Butch" Hayes and has established itself as one of the powerhouse squads in the conference this season. Lacking team height, the Vikes have turned to speed, agility, sharp shooting and bench strength to gun down every opponent they've faced so far this season. Friday they hope to make Rogers City their sixth victim.

Lamaze Childbirth Classes

Lamaze Childbirth Classes will begin in the Grayling area Monday, January 7th, 1980. The classes will last for six weeks. Each session is two hours. The classes are taught by Marilyn Rosi, a Registered Nurse. Anyone interested in these classes should contact Mrs. Rosi at 348-5189 for more information.

Babson's 1980 Forecast

By Babson's Reports Inc., Wellesley Hills, Mass., December 27, 1979. Just a year ago we envisioned in our forecast for 1979 a slowing in the economic tempo of sufficient scope to create a technical state of recession, stemming from the effects of anti-inflation monetary measure. We did point out, however, that the intrinsic strength of the economy would forestall a deep, prolonged business dislocation. Instead, we looked for "real" gross national product to show only enough softening in the second and third quarters of the year to constitute a recession. Visualized was a mild and brief setback, more in the nature of a spell of no growth, with the economy again on the mend by the fourth quarter of 1979.

The statistical evidence now shows that there was enough resilience to produce a sharp rebound in the third quarter, negating the spring slump. So, even though 1979's final quarter was adversely impacted by the broader, more aggressive anti-inflation program instituted by the Federal Reserve, the year as a whole did not suffer an economic recession. This was an impressive achievement in view of the heights to which interest rates and inflation had soared.

RECESSION THREAT HEIGHTENED FOR 1980

Developments of the past three months have raised the odds that 1980 will experience the economic recession which 1979 escaped. The Fed's credit-tightening move took an increasing toll on business as the final 1979 quarter progressed. When the results for that period are made public, "real" gross national product (GNP ex inflation) will probably show some loss. Since we now expect this business, barometer to move off further in the initial quarter of 1980, the required two consecutive quarters of lower "real" GNP readings will have been recorded to constitute a recession.

STEEPER, LONGER RECESSION THAN PREVIOUSLY EXPECTED

The staff of Babson's Reports looks, in fact, for the downward slide of "real" gross national product to extend through the second quarter of 1980. The recession, therefore, will very likely last a bit longer than we had previously anticipated. Also, the depth of the downturn is currently expected to approximate 4% from the high of the third quarter of 1979. The scope of the recession we now foresee is not unrealistic since we have experienced only the early effects of the anti-inflation program started last fall. In addition, the fight has been made all the more difficult by the further climb in prices for petroleum products. And the implications of conditions in Iran and of U.S.-Iran relations are anything but reassuring for the petroleum picture, in terms of both prices and supplies. This does not augur well for the domestic automobile industry which has been in a beleaguered state for the many months, and the tightening of credit compounds its troubles. Extremely high borrowing costs and scarcer mortgage money are hurting residential building. Therefore, neither of these key industries will be of much help in 1980.

Fortunately, there are no massive imbalances to correct. Except for the excessive supplies of high-gasoline-consumption autos relative See Babson's on Page 6

Michigan's Frosty, Festive Fun

Lansing—Contrary to some opinions, winter in Michigan is a season of exciting events and exhilarating fun. It's every kind of winter sport you can think of—and some we thought up plus a full program of family style festivals and events.

Probably the best known, and surely one of Michigan's most popular, ice covered events is Houghton Lake's "Tip-Up Town, USA" (January 18-20, 26-27). "Tip-Up Town" was originated some 30 years ago by a handful of ice fishermen. Today it is rated among the top 10 winter festivals in the nation.

While activities still center around ice fishing contests and prize winning catches of pike, bass and panfish, the list of "non-fishy" things to do is long and varied. There are parades, dances, golf tournaments on the ice, balloon rides and parachute jumps

and "the largest snowmobile safari in the world". There is something for everyone and all with one purpose, as stated in the "Tip-Up Town" bylaws: "to promote bigger lies, hilarity, Tom Foolery and good will."

Perchville USA, February 1-3, at Tawas/East Tawas, is another event that was originally inspired by ice fishing. The most popular tradition of Perchville, however, is the Polar Bear Swim, an invigorating dip in the frigid, February waters of Tawas Bay by the hardest-of-fool hardiest-festival goers. In the beginning, participants "took the plunge" on a dare for a reward of \$20. Today it's all for the "goose bumped" honor of membership in the Polar Bear Club.

Perchville also encompasses a host of less daring activities and events, many planned especially for the younger generation. And, overall, a lighthearted spirit and carnival atmosphere.

The creative ice sculptures that highlight the annual Michigan Tech Winter Carnival, February 1-10, Houghton, attract hundreds of visitors from all parts of the country to the campus of this Upper Peninsula University. The sculpture competition is

serious business among the school's sororities and fraternities and students spend many, many cold, arduous hours packing, molding and carving their incredible creations of snow and water. The results are truly spectacular.

In toto, it's a full week of high jinx and high spirited activity that includes skiing, hockey, an original stage revue and sled dog races without dogs.

The Harrison Mardi Gras, December 26-January 1, is one of Michigan's younger winter events. Centered around snowmobiling, the festival concentrates on family participation. Organized activities include snowmobile safaris, treasure hunts and races and a wild 'n wooly "snodo". There is cross country skiing too, and a friendly bonfire and sing along.

The Harrison area is dotted with lakes and invested with acres of forest and wilderness which provides miles and miles of tranquil, scenic trails.

The Mardi Gras de Snow, January 18-20, Paradise and Grayling's Winter Sports Carnival, February 8-10 and 15-17 are also popular, full-of-fun snowmobile oriented festivals.

Oh yes, the North wind doth blow and we do have snow, but in Michigan we make a playmate out of ole man Winter. If you would like to join in, write for the Winter Calendar of Travel Events. It's free, from the Michigan Travel Bureau, P.O. Box 30226, Lansing, 48909. From Our Corner ...

Following our begging off last week due to time to get our corner out of the way, we find ourselves just about in the same kettle...another week with two Sundays...but to us this week is nothing as important as when Santa comes to town...so we will work on this week's efforts with a few tid bits that have come to mind since last week...

First off, and it is unbelievable, as we set here Sunday afternoon, Dec. 30th, the weather outside is just beautiful, temperature near 40, and only a trace of snow from what we got on Christmas Eve...it wouldn't surprise us if we hear some of our avid golfers took advantage of the sunshine and dug out their clubs for one last fling...

The lack of snow and unseasonable weather has taken its toll on the economy around here where normally the period of Christmas and New Years bring untold numbers of winter sports enthusiasts to the north country...it is going to be felt in many of our businesses which rubs off on all of us...

One evening prior to Christmas (we lost track of the days) our bride and I were invited to partake in a cocktail party at the Century 21 office put on by the Multiple List Association group. The orange pop was delicious as were the dainty sandwiches and other goodies...like they say, feast or famine, we were also invited to a get together at the Red Barn that same night, compliments of the Ka-De Realty.

Seeing as how we were on M-72 we decided to make a fast trip out to the Red Barn and put in our appearance and head home...not so, we arrived just in time to sit down and join some 30 others to a steak dinner. This evening we couldn't beat with a ten foot pole...

Last Thursday (I think) we were having our lunch at the Chief following getting the paper out, when we found out we had two more readers, and from Ohio too, Jackie Gross told us that she and her husband Frank were readers of our corner and told us not to stop writing it (our hat size just we: t up) anyhow, we told her we new Frank real well as he grew up across the street from us, and while he was in high school was quite a basketball player...we had to ask Jackie her maiden name and when she told us Norenberg, we felt a little foolish, we should have remembered...she is as pretty now as when she was in school. Always happy to hear we have readers of our corner from out of state...our ramblings most of the time we figured would be of interest to only those here...

Speaking of the Buckeye state...we received an invitation from the Ohio National Guard to attend an awards day on Saturday, Feb. 9th, to receive some sort of an award. In the letter from our good friend SFC Bob DeVoe, Assistant Public Affairs Officer for the Ohio National Guard he mentioned that Pete Allen of WGRY was also invited to partake in the ceremonies...we have only been a Buckeye Colonel for a short time and am sure they don't plan on making us a General so soon...

Main street is not going to be the same for quite awhile...the Sage of Michigan Avenue, the Rt. Rev. Walter B. McWilliams pulled the shades down and hung up his slippers for the last time Saturday...his plans?...he told us he was going to Texas this winter and then possibly up to Alaska next summer...now after some 30 years we will have to find another barber, like quite a few others...Burt, good luck and many happy days in your retirement...

Gads...just when we have been trying to come up with some New Years resolutions, one being to try and lose weight...Jim and Rita, next door officially opened their cheese and other goodies shop last Saturday, and we have been given all sorts of samples, since and before...we always have been a little reluctant o' making resolutions, and now it looks like we're going to forget that one this year...they even left a Mouse Hole in between the two buildings so if we get hungry after hours we'll be able to nibble on a little cheese for nourishment...it's hard to beat Danish cheese and orange pop...

This sort of takes care of this week's efforts...hope the New Year brings you nothing but happiness...

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

23 Years Ago January 3, 1957

A four page article in the magazine "Inside Michigan" January issue highlights Grayling and Crawford County. The story touches lightly on the county's history during the lumbering era and just prior to it was well as of the general development of the many recreational facilities that are now available.

Mr. and Mrs. Ross Thompson announce the birth of a son, Jon Frankie, weighing 7 lbs. 11 1/4 ozs. on December 27th. Mr. and Mrs. Frank Schmidt of K.P. Lake and Mr. and Mrs. Grant Thompson are Jon's grandparents.

Miss Connie Lou Millikin, daughter of the LeRoy Millikins of Beaver Creek, placed third in the Snow Bowl Queen contest at Houghton Lake High School last Saturday night. Winner of the contest was Miss Karen Heard of Houghton Lake, and second place winner was Miss Shirley Dittmer of Houghton Lake. Second and third place winners will make up the queen's court.

Dr. and Mrs. Arnold Rotermund and children Kurt, Karen, Kristine and Kim of Breckenridge spent the weekend at their Lake Margrethe home.

Mrs. Laura McLeod left Wednesday to visit her son, the George Schroeders in Clawson until the weekend.

Mr. and Mrs. Ted Stephan visited the latter's sister, Mr. and Mrs. Chuck Yokum and family, at Harrisville on Christmas Day.

Mr. and Mrs. Robert Luter left Friday to return to Mt. Pleasant, after spending some time visiting her parents, the Robert Strongs. The Luters drove to Freeland Christmas Day to be with his parents, the Rev. and Mrs. Hollie Luters and family.

Mr. and Mrs. Donald Wood were in Detroit Monday and Christmas Day to be with their daughter and family, the Raymond Elseys.

John Canfield, son of Mr. and Mrs. John Canfield, Jr., was home to spend the Christmas holidays with his parents and friends. The first time in four years.

Miss Joanne and Larry Andrews, Jim Perry, Dale Pettengill, and Mrs. Matilda Nelson spent last Thursday in Traverse city.

Mr. and Mrs. Derek McEvers spent Sunday before last in Cheboygan, where they visited the Henry Feldhausers, who are making their home there.

The Misses Shirley and Karen Rasmussen of Traverse City spent the weekend here with their parents, the Eimer Rasmussens. Karen will return to Western Michigan College at Kalamazoo Jan. 6th. Her brother Bob who spent the holidays here returned to western Michigan last Friday.

Mr. and Mrs. Lester Welch and Dr. and Mrs. Edward Rodda held open house Sunday afternoon at the Welch home, from 4 to 7, for a group of friends.

Guests of Mr. and Mrs. Art Crouch from Sunday through Christmas Day were her sister, Mr. and Mrs. Albin Byarski of Bad Axe.

46 Years Ago January 4, 1934

T.J. Wells of Wolverine is visiting his cousin, Perry Wells.

Sam Gust is spending this week in Vanderbilt, visiting his mother, Mrs. D.E. Winer.

Miss Norine Berry, of Indian River, came Friday and attended the Charity Ball as a guest of Marius Hanson.

Several ladies and gents enjoyed New Year's Eve at the William Weiss home watching the old year out and the new one in. Just after midnight a potluck lunch was served.

Miss Helen Millikin had as her guest for over New Years Francis Warner of St. Helen.

Dr. Stanley Stealy, who has been a patient in Mercy Hospital for the past few months, was dismissed Tuesday.

Miss Jayne Keyport was hostess to a number of her friends at an informal affair at her home preceding the Charity Ball Friday evening.

Adolph Peterson resumed his duties at the Hanson Hardware Tuesday, after being detained at the home for several days with the flu.

Miss Veronica Lovely left for Mt. Pleasant to resume her studies at the Central State Normal College.

Miss Fern Armstrong, Clarence Johnson, and Mr. and Mrs. Victor Peterson of Gaylord spent New Years in Bay City visiting Mr. Johnson's brother-in-law and sister, Mr. and Mrs. Walter Bosworth.

Misses Ann and Helen Brady left for Jackson Monday night where the former will enter a business college. Miss Helen will return the last of the week.

69 Years Ago January 5, 1911

Born, December 18, to Mr. and Mrs. Fehr, a daughter.

Harry Connine came home from Big Rapids for a vacation, returning Monday afternoon.

Dr. Canfield assisted in devouring the feast of Christmas at the paternal home in Bay City.

Mrs. Adelbert Pond and Mrs. Sarah Corwin are both reported on the sick list.

Ex-sheriff Amidon and Postmaster Bates have been on the invalid list for the past two weeks but both are reported better.

We hear that the township board have accepted the resignation of John F. Hum as Supervisor he having been elected County Treasurer, and have appointed Adelbert Taylor to fill the unexpired term. Mr. Taylor has experience in the office and will be perfectly at home.

G.L. Alexander has the interior of his office refurnished where it was injured by fire. It is rather an expensive method of cleaning house, but very effective and both he and Dr. Canfield are nicely settled, after their smoke.

The Bible Speaks

From Calvary Baptist Church

THE GOAL OF

CHRISTIAN FREEDOM

Galatians 5:13-17

Christians are made free from the power of the world, the flesh and the Devil, that we may love our neighbors, serve each other and continuously walk in the Spirit of God.

Christians are free to serve others not self. "For brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another." Verse 13. Christian service is not only a duty, it is a devotion of love. Duty without devotion is drudgery. Love without service is a false definition of love. Love always serves.

Christians cannot obey the Bible without showing love to others. "For all the law is fulfilled in one word, even in this; Thou shalt love thy neighbour as thyself." Verse 14. Love should be the motivation for every good deed we do for others. The quality of our love is determined by our love for self. One who has never experienced love has a difficult time expressing love. Those who can love the most are those who have experienced God's love, family love and self love before they attempt to share love with others.

Christians who refuse to show love for each other will usually deal with each other in envy, hate and bitterness. "But if ye bite and devour one another, take heed that ye be not consumed one of another." Verse 15.

Christian liberty to submit to the control of the Holy Spirit in our lives. Being selfish by birth and choice, we are often slow to surrender our will to God for fear we will lose some liberty. "This I say then,

Walk in the Spirit, and ye shall not fulfill the lust of the flesh." Verse 16.

The key to our struggle for Christian liberty and love is found when we examine the internal struggle going on inside every Christian. We have an old carnal nature which is trying to challenge the new spiritual nature in every decision we try to make. "For the flesh lusteth against the Spirit, and the Spirit against the flesh; and these are contrary the one to the other: so that ye cannot do the things that ye would." Verse 17. As soon as we realize the problem is with self and not God or others, we are in a position to face the problem. We are basically selfish people who want the Holy Spirit to be present in our lives, but not president over our lives. We want the ultimate control and cannot have it. Each of us is either a slave to sin, Satan and Self or a bond-slave of love to God with complete freedom to serve Him and enjoy Him forever. The daily choice of who will rule your life is up to you. Nat'l. Rec. Trails

U.S. Congressman Donald J. Albosta will dedicate two National Recreation Trails on the Huron-Manistee National Forests on Saturday, January 5, at 3 p.m. at the Caberfae Ski Area's Edelweiss Lodge. Invitations have also been extended to U.S. Senator Donald W. Riegle, Jr., and local government representatives.

Forest Supervisor Wayne Mann invites you to attend the dedication of the MacKenzie Touring Trail and the Caberfae Way Snowmobile Trail, which are located near Cadillac in Wexford County. The MacKenzie Touring Trail is an 8.3 mile cross-country skiing trail, and the Caberfae Way Snowmobile Trail is 36 miles long.

Both trails were developed as a result of the National Trails System Act, passed by Congress in 1968. This act promotes the development of trails in urban and rural settings for persons of diverse skills and interests and differing physical abilities—trails suitable for young and agile users, senior citizens, and handicapped persons. The National Trails System includes National Scenic, National Historic, and National Recreation Trails.

National Recreation Trails may be managed by public agencies or private organizations. Where National Forest land is involved, the trails are designated by the Secretary of Agriculture. This special designation guarantees that the trails will be available for public use for at least 10 consecutive years.

To reach the dedication site, proceed west on M-55 from its intersection with M-115 near Lake Cadillac to the Caberfae Winter Sports Area sign (about 12 miles), turn north, and follow the road about 2 miles to Edelweiss Lodge.

Over \$5.8 Million Returned To Counties For Needed Projects

Lansing—More than \$5.8 million has been earmarked for projects ranging from construction of educational buildings to improving waterway facilities for recreational boaters in the eastern Upper Peninsula and northern Lower Peninsula in a capital outlay bill just approved in the Senate, State Senator Mitch Irwin, D-Sault Ste. Marie, announced today.

"Approval of this legislation will return taxpayers' dollars to our district in the form of jobs and improved public facilities which will benefit all citizens," said Irwin, Chairman of the Senate Municipalities and Elections Committee. "The types of projects funded in the bill will stimulate our economy by providing new employment opportunities, improving tourism and transportation facilities."

"We also have set aside a significant portion of funding for projects which will improve educational facilities to help meet the continuing need to provide modern, comprehensive programs in our schools," Irwin said. "In general, the bill would provide funding for many badly needed projects which would help improve the quality of life in the 37th Senate District."

The bill has been referred to the House Appropriations Committee, which will begin reviewing the measure when the Legislature returns from Holiday recess in January.

A list of projects and funding covering Crawford County and the area follows:

-Construction of a Michigan Department of Transportation combined services building in the Gaylord area, \$1.9 million.

-Construction at Pellston's Emmet County Airport, \$820,600; and Sault Ste. Marie Municipal Airport, \$170,500.

-Harbor and dock improvement at East Tawas, \$286,300; and Petoskey, \$100,000.

-For completing plans and beginning construction of a community service/administration building at Bay de Noc Community College, \$200,000; and \$20,000 for completing construction of a general services center at Kirtland Community College.

-Construction at Bur Lake State Park, Cheboygan County, \$25,000; and at Hartwick Pines State Park, Crawford County, \$75,000.

Editor's Mailbox

Dear Editor,
I think the Provincial House of Gaylord nursing home, should have a big thank you for the Christmas Party they provided for our sick loved ones on Dec. 22nd. Everyone received a little gift and a package of fruit. Coffee, tea and cookies were served to the patients and their families. Pictures were taken of the dining room all decorated and of the Christmas tree. There was even Santa Claus. The whole staff deserves a big thank you.

It is so nice to have such a place for our sick loved ones, if we aren't able to take care of them ourselves. The sad part is with gas prices going up, we can't go as often as we'd like, how nice it would be if Grayling had such a place, instead of always thinking about how to make more of a tourist trade. It would give many people jobs from Grayling, as there are many Grayling people in nursing homes in Gaylord. People who have lived here and paid taxes and spent their money here.

I'm glad Gaylord let Provincial House build there as I can get up there more often than I could if had more of a distance to go at the price of gasoline now.

THOUGHT FOR FOOD

Calorie Counting Time
There's no time like now to start working on that New Year's resolution to lose weight. Here are some do's and don'ts.

Cut down on sugar. Sugar has no vitamins, no minerals — just calories. Don't overdo on salty snacks. Excessive salt is implicated in heart disease, high blood pressure and kidney trouble.

Do enjoy lots of fruits and vegetables. Fruits and greenery, especially when raw, provide stomach-filling bulk.

Gaylord Bank Names New Loans-Credit Vice-President

The election of Wallace L. Tupper by the Gaylord State Bank Board of Directors as Vice-President for loans and credit is effective December 27, 1979.

Bank President Harold A. Elgas made the announcement.

Lovells Home Extension

The Lovells Home Extension Group met on Wed. Dec. 12, at the home of Margie Harwood with 19 present. A delicious luncheon was served by the hostess, assisted by co-hostess, Ruth Caid.

A brief business meeting was held. Roll call was responded to by each member displaying a Christmas item they had made.

Thank you letters were read from Crawford Co. On Aging, Traverse City State Hospital and from Carolyn Ayers. Velda Marshall gave a report on The Christmas Tea.

The mystery package was won by Olive Kellogg.

At the close of the meeting, there was a Christmas gift exchange followed by Bingo games.

The next meeting will be held on Wed., Jan. 9th at the home of Vickie Davio.

Please notify your hostess the day before, if you are unable to attend.

H. Koernke, Publicity

cement today.

"Mr. Tupper who joined the bank's staff earlier this year brought with him substantial loan and credit experience gained from over 20 years experience in bank lending and private corporate financial and credit administration," Elgas said.

"As Vice-President for loans and credit, Mr. Tupper will be working closely in various lending activities with bank customers in the Otsego and Crawford County Region," he added.

Tupper is the former manager of the Gaylord Area Credit Bureau. Prior to moving to Gaylord he was Vice-President of Perrett, Inc. of Battle Creek, with responsibilities as financial and loan officer. He also served as Assistant Vice-President and loan officer with Michigan National Bank in Battle Creek with assignments in commercial and real estate mortgage lending.

A graduate of Argubright's School of Business Administration in Battle Creek, the American Bankers Association School of Bank Administration, and the Robert Morris Associates School of Statement Analysis, Tupper also holds a graduate certificate from the American Institute of Banking and has taught courses for the institute in commercial and mortgage lending.

His activities within the community include membership with the Gaylord Boosters Club, the Elmira School Parent-Teachers Organization, Gaylord Community Schools Citizens' Committee and the Gaylord-Otsego County Chamber of Commerce. He is a member of the First United Methodist Church.

Babson's 1980

Forecast

(Continued from Page 1)

to retail demand, there are no appreciable inventory problems in the economy. Hence, this time around, the period of economic adjustment is not expected to be as vicious as the last recession. The first two 1980 quarters likely to bear the brunt of the losses. By the time summer rolls around, the economy should stabilize and perhaps edge a bit upward. The final three 1980 months will make additional headway, with vitality somewhat more evident. But the upturn in the second half of 1980 will not be as power-packed as the rebound from the last recession because inflation will be difficult to defuse. While the economic recession will not be unduly painful, neither will the ensuing recovery phase be initially vigorous.

A GREAT MANY UNCERTAINTIES

Make no mistake, there are problems and uncertainties which are capable of inflicting greater damage to the economy than may now seem likely. The uncertain economic climate itself and the questions which are sure to arise in the quadrennial national elections, including those concerning anti-American violence, must be watched closely. More-over, the course of the battle against inflation must be monitored, so it would be ill-advised to project a more optimistic outlook right now.

SLOWER INFLATION PACE POSSIBLE

There can be little doubt that inflation has been one of the bane of 1979. While there seems little early prospect of any perceptible remission in the inflation rate, the Babson Staff is of the opinion that some headway can be made against inflation in the year ahead. As the winter progresses, recession-muted demand can help to damp its fires, and bring additional slowing in the inflationary pace further on in 1980. The task will not be easy and the problem will likely prove stubborn. From this vantage point, we feel that inflation can be wrung down to a rate of around 10% for the year as a whole. This would still be a higher level than is good for the economy, but the decline would be welcomed.

GROSS NATIONAL PRODUCT

In current dollars, the nation's gross national product (dollar value of goods and services produced) will continue to trend upward. But this will be mainly due to the impact of inflation, and the rate of increase will not be as great as that of 1979. "Real" GNP (the constant-dollar GNP - i.e., in terms of the 1972 dollar) is now expected to fall about 2% for the year as a whole versus the 1979 average. While the exigencies of a political year will likely bring some federal pump-priming moves by spring, nevertheless, as indicated earlier, we think "real" GNP will decline sharply in the first 1980 quarter and moderately in the following three months. A flat-to-uplift pattern is expected in the third quarter, with an even better showing in the final quarter. Any substantive recovery signs prior to midyear seem unlikely because of tight credit, still onerously high levels of interest rates and inflation, and upward-moving fuel costs.

INDUSTRIAL PRODUCTION

We look for industrial production to trend lower through mid-1980. Since a good deal of the decline will be recouped over the second half of the year, we feel the annual rate of industrial activity will average only about 1% below the 1979 average. Bear in mind that auto production and related businesses have already been working downward for the better part of 1979, as has home building. But these two sectors should lead the late-1980 recovery.

BUSINESS INVENTORIES

One of the unusual aspects of the long period of economic rise since the spring of 1975 is the orderly manner in which business inventories have been expanded - mostly in step with the upturn in sales. Disproportionate inventory positions were quickly brought back into line by price markdown sales efforts. Thus, with the above-mentioned exception of hard-to-move gasoline guzzlers in the automobile field, there is no glut of inventories to liquidate. Despite the acceleration of inflation's pace, most inventory positions have been kept trim. This has been due to the agonizing experience of the last recession, the extremely costly rates of borrowed capital over the past two years, and the ability to monitor inventory positions closely with the help of computers. But while the economy is not expected to be unduly disrupted by inventory liquidations under duress on a widespread basis, neither will inventory accumulation be an important factor in helping to lift business activity in most of 1980.

BUSINESS CAPITAL EXPENDITURES

Business capital outlays for new plant and equipment will rise about 10% in current dollars owing to the effects of inflation, but-as in the case of the GNP-there will be a slight year-to-year slippage in constant dollars. With the ease-off in industrial activity taking the pressure from high-level capacity utilization, incentive to expand will not come until late 1980.

LABOR FRONT TO REMAIN ACTIVE

1979 was a busy year on the labor front, and it will be very active again in 1980. However, with most of the major contract expirations coming around midyear - i.e., in construction, communications, steel, aluminum, and metal containers - the early-year recession and the rise in unemployment will temper the aggressiveness of labor leaders.

BUILDING AND CONSTRUCTION

One of the pivotal industries helping to determine the course of 1980's economic achievement will be the housing field. After peaking out in 1978, new housing starts slowed down in the past year. The high degree of inflation-hedge purchasing of both new and existing homes proved to be a substantial bolstering factor for 1979's economy. Nevertheless, high borrowing costs and scarce mortgage credit restrained new housing starts compared with 1978's superlative effort. The tightness in mortgage credit and the high rates for mortgage money may not relent significantly before mid-1980. Hence, we forecast a steep slide in new housing starts in the 1st qtr. of the year, followed by a flat second quarter. After midyear, loosening of the mortgage credit situation and less oppressively high mortgage money rates will facilitate improvement in home building; but even then new housing starts will do well to better the 1 1/2-million mark.

Compared to the housing field, heavy construction has fared quite well in 1979, and we expect this relative strength to repeat in 1980. Of help to this sector will be government efforts to bolster a troubled economy and provide employment opportunities for idled workers.

CORPORATE PROFITS - DIVIDENDS

Corporate profits will dip approximately 10% below 1979 levels. The slow tempo of business will deter price markups large enough to offset cost increases. The profits pinch will ease in the second half of 1980. And with the less favorable profits picture, we do not expect a wave of dividend increases like that in 1979. However, widespread reductions in disbursements are not in the cards.

WAGES AND PRICES

As indicated earlier, we believe the business decline will have a tempering effect upon the aggressiveness of labor in 1980, and yet bargaining for new labor pacts will produce many wage hikes approximating the Administration's non-inflationary guideline. This is unavoidable, in view of the drastic shrinkage of consumers' buying power during the life of the labor contracts about to expire.

The early-year softness in business will tend to inhibit the immediate flow-through of new wage increments in their entirety. Indeed, we would not be surprised to see occasional and spotty price downshadings. But fuel and energy costs are still heading higher, with an inevitable impact on transportation and distribution costs, and on operating costs in general. Therefore, there will be price rises at the wholesale and retail levels, though not of the magnitude or pervasiveness of recent years.

EMPLOYMENT AND JOBLESSNESS

Because the recession we now foresee should not run dangerously deep, 1980 should not experience massive layoffs. Instead, we are confident that employment can hover in a peak range, constituting a very important source of support for consumer confidence.

We do not expect a frightening upsurge in unemployment. Still, a rise in the jobless rate is inevitable, as it will be difficult for the economy to absorb all of the new entries and re-entries into the labor force. For 1980, we expect unemployment to average around 7 1/4% of the available civilian labor force, with a high point of around 8%.

PERSONAL INCOME - CONSUMER SPENDING

A generally stable employment picture, wage hikes, heavy transfer payments, and interest and dividend incomes will all figure as favorable factors producing higher gross personal income in 1980. While the rise will not match the rate of increase established in 1979, our estimate is a jump of around 7%. However, take-home pay (disposable personal income) will manage only to edge forward.

The sustained peak level of personal income we anticipate will translate into better-maintained consumer spending than seems

News of Good Things Growing

Good things growing in Michigan include two of the state's oldest agricultural products—honey and maple syrup. Bees have been producing honey for thousands of years and Native Americans were tapping trees for maple sap when the colonists arrived.

Honey was the principal sweetener when sugar was a rarity and is the sweetest tasting of all—one-fifth sweeter than granulated sugar. When honey is substituted for sugar in preparing foods, reduce liquids in the recipe by one-fourth cup for each cup of honey.

Cooked foods made with honey have more color, are

sweeter and have a different texture than foods made with sugar. Baked goods remain soft, as honey absorbs moisture from the air.

Bees produce an estimated 5.9 million pounds of honey each year in Michigan, according to the Michigan Department of Agriculture. They also pollinate millions of dollars worth of crops, including blueberries, cucumbers, and apples. Many farmers rent bee hives to insure good crop pollination.

The color, quality, consistency, aroma and flavor of honey varies according to the type of flowers from which bees collect nectar. If honey is labeled a single pure flavor, it must contain at least 51 percent of that flavor.

Sugar bushes, primarily concentrated in the lower peninsula, produce about 80,000 gallons of maple syrup annually to rank Michigan fifth in the nation, MDA officials report.

Color, ranging from light to dark amber, is the principal factor in grading maple syrup which meets other requirements for density, flavor and clearness. In Michigan, only boiled down sap weighing at least 11 pounds per gallon may be used for glazing meats and poultry, in baking and preparing sauces for desserts.

Mr. George Brand
Radio Station WGRY
6514 Old Lake Rd.
Grayling, Mi. 49738

Dear Mr. Brand,
On behalf of the youth of Camp Shawono, I'd like to thank you and radio station WGRY for your recent generous donation of the hundreds of record albums to our program.

Although we don't have a stereo system to be able to play the records here at camp, we allowed the boys to sort through the albums and take the ones they wanted home with them on their Christmas home visits as Christmas gifts from WGRY. When they were finished, there was probably a stack of less than 20 albums left which no one wanted!

Your timing was perfect in the donation of these albums to our youth, you brightened up Christmas considerably around here and, once again, we thank you very much for your generosity to the youth of Camp Shawono.

Sincerely,
Camp Shawono

Stampede

(Continued from Page 1)

Grooming of the trails is expected to begin in January for the non-scheduled event, better known as a "citizens race." Private landowners have been fully cooperative in assisting the organizing committee in establishing the stampede route.

The shorter, 20-km. route is open to skiers 13 and older while the long distance run is for adults, 18 and older. Rest areas will be available throughout the route where first aid supplies and food will be available.

Transportation for skiers desiring rides to the starting point will be provided via bus from Mancelona. Each skier completing the 50 km. route will be presented a specially-cast White Pine Stampede medal when crossing the finish line as a symbol of accomplishment. Those finishing the shorter route will receive a smaller version of the original medal.

Other awards and recognitions will also be made to the top finishers in each event in each classification at an awards ceremony to be held at Mt. Mancelona Saturday evening.

importantly, the County is now functioning under a financial system that permits accurate up-to-date checks and balances enabling sound fiscal responsibility. But even the commissioners admit it was not an easy task. "And sometimes painful too," said Jeannette Kitchen when referring to the personnel layoffs made in July that saw seven employees leave the county payroll. "But it was an economic necessity," she added.

Wakeley said the Board's financial committee, made up of Matt Bidvia, Jeannette Kitchen, Jackie Bonkowski and Andie Neilson deserve a lot of credit for the financial turn-around. Spending within the county the first four months of '79 had exceeded the same period in 1978 by 21 1/2%. The commissioners discovered that some \$148,000 which had been plugged into the budget as anticipated revenues could not be counted upon. A major item in that figure was the failure of the state to pay Swamp Tax revenue of \$61,000. Another was a \$68,000 insurance premium that had to be paid out of a budget of \$25,000. Inflation and over-spending were co-conspirators as well. The Board was simply trying to contend with a budget Wakeley termed "unrealistic."

One of the first steps the Board took was to meet with all county department heads to review the county's financial dilemma. Each departmental budget was reviewed meticulously and cutbacks effected wherever possible. Other expenditures were likewise reduced and the net result was a cost reduction of about \$50,000.

The county contracted with the C.O.O.R. Intermediate School District to provide a monthly cost analysis computer printout that showed the Board members and each department head the exact status of each account, eliminating the necessity of wading through reams of financial paperwork each month. The computer printout is expected to save countless county dollars, providing accurate data that will permit a more rapid response by the county board. Quicker and

County's

(Continued from Page 1)

more precise financial controls will naturally follow.

"All of our department heads cooperated to the fullest extent possible," said Larry Mattis, Board Chairman and Financial Committee member, "they bit the bullet and we all worked together to solve our mutual problem."

But probably the most painful step taken was the layoff of county personnel in July. Seven employees were pinkslipped, slicing some \$40,000 in wages and fringe benefits from 1979 costs. Eleven other CETA employees were also released.

Tighter spending controls were employed, administrators held more closely accountable for their respective areas of responsibility. Commissioners would not approve an expenditure if it over-drew a line item account and a new purchasing system was installed. Volume buying was permitted if money could be saved in the long run. Belt-tightening and austerity became the names of the game.

But the effort paid off. The deficit began to shrink and became something more realistic and manageable. The figures began to fall into systematic place

and by year's end an economic trauma had been averted and a sound program of financial responsibility established.

A quick "bailout" was tried in September when the county took a 2-mill, one year only, increase to the voters for approval. It was soundly turned down by county voters, but the defeat may have been a blessing in disguise.

The commissioners were forced to hold tight to the spending throttle and proved in the final analysis that the problem could be resolved through tighter budget controls instead to being "taken off the hook" by county taxpayers.

Even though the county is not out of the woods yet, the commissioners are able to paint a much brighter financial picture for the years ahead. They all look to the day when the county can end up under budget, like back in 1976 when the board ended up just over \$14,000 in the black.

But the effort wasn't easy. It was painstaking and at times painful. But it paid off.

High School Changes Proposed

RICHARD MILLIMAN

OFF COMES the Almanack's figurative topper in a tip to those who put together a study on high schools in this country.

The study was headed by Clark Kerr, who used to be president of the University of California, and is titled: "Giving Youth a Better Chance: Options for Education, Work and Service."

The cheer goes up because reports I've seen on the study indicate some original thinking about high schooling...and it's about time.

"We must find ways to break up the big, monolithic high school and its deadly weekly routine," the study declared in its 322-page report.

"HIGH SCHOOL is an alienating experience for many young people (and) like a prison-albeit with open doors-for some."

The study was done by the imposing-sounding group called the Carnegie Council on Policy Studies in Higher Education, a research arm of the non-profit California based Carnegie Foundation for Advancement of Teaching. Past studies have tended to concentrate on university level research.

The Kerr study claims one third of American youth are "ill-educated, ill-employed and ill-equipped to make their way in...society" because the public education system needs overhaul. It said high schools prolong "compulsory youth" and favor those continuing formal education over those who move directly from school into the job market and skip college.

AMONG OTHER things, these are some recommendations:

—Juniors and seniors should attend regular classes only three days a week, and devote the other two to education-related work or community service.

—Compulsory schooling should end at age 16, and a work-study program should be created for highly motivated youths.

—New apprenticeship programs for civilian and military work for 16 and 17-year-olds are needed.

—Teenagers and their employers should not have to pay the Social Security tax.

These are from the digest of the report, as listed by Associated Press, and what emerges makes a good bit of sense.

ARGUMENT CAN be made, of course, that high schools should educate for life, not for making a living, and hence the academic should far over-shadow the vocational. For some students, I would agree; but for others, the sooner vocational training is available, the better off the students will be.

Advanced schooling, and training for advanced schooling, certainly should be available for young people so inclined; but in the past, many programs have tended to force all students into the same academic mold, which simply does not fit in too many cases. Recent trends toward the availability of vocational training should be applauded and encouraged, and many school districts (including many intermediate districts in Michigan) are pursuing just such a course.

I DON'T KNOW about the Carnegie report claims about one-third of all young folks being so bad off...maybe it's true. And I shudder at the projected cost of implementing the study's recommended changes, set at close to \$2 billion. Of course, as the study claims, certain social costs should be reduced, especially in such areas as lower crime and welfare costs.

But in any event, the study indicates some original thinking about young people and our schools, and for that alone, I doff my hat.

To Grayling:

First I would like to extend my heartfelt thanks to all the people of Crawford County who made my stay a rich and cherished experience. I was truly made to feel a part of the community and now as I travel the world I identify myself proudly as being from Grayling, Michigan. That usually leads to the next question "where's that?", and I usually suffice it to say "It's in Northern Michigan and probably very cold there now".

I am about 2 months into the world and so far it has been unique and rewarding.

I spent the first month crossing the country via the northern route stopping briefly in Minnesota and Montana visiting many friends along the way. My best friend joined me in Washington State for the last part of the continental leg through Washington, Oregon on to San Francisco. The Northwest maintained its reputation for being rainy but the sun did come out in California and so offered us some illuminated vistas of the Northern California coastline, Avenue of the Redwoods and the hills of San Francisco.

In mid-November I left familiar friends and places behind and began my solo journey to new territory. My first overseas stop was Hawaii which unfortunately presented a rather unappealing picture. Hawaii was in the midst of a public employees strike which translated into piles of garbage everywhere—Honolulu Airport, Waikiki Beach, etc. In addition the public busses couldn't allow backpacks which made getting around difficult for the budget traveler (me). My Hawaii experience wasn't totally negative however, as I did experience some beautiful places like Hanauma Bay and Sunset Beach and paused to reflect at Pearl Harbor.

Finding Hawaii, all in all, too expensive I decided to abbreviate my stay and head south. I arrived 6 hours later and a day earlier than I left, (crossing the international date line) in Nadi, Fiji.

From the moment I stepped off the plane I sensed a warmth and genuine acceptance which after 2 weeks of validation has convinced me that this must be one of the most friendly and hospitable places on earth.

The population is about evenly split between native Fijians and Indians (Hindus) with a smattering of Europeans (whites). Often times I was the only white person on the bus or in the pub but never have felt the least bit intimidated, threatened or anxious, in fact, I was often treated as a guest of honor.

I was invited to attend a Hindi wedding one day and spent a memorable evening another drinking Fiji Bitter (beer) and eating all sorts of delicious native Fijian dishes with a Fijian family while sitting on woven mats watching the sunset on Sewa Bay.

The highlight so far, however, has been my 4 days of camping and experiencing the beautiful

Gen-Tel Course

Jay Stephan, facility inspector for General Telephone at Roscommon, has recently completed a course in Time Management, according to Lois Reagan, northern division manager.

The objective of the one-day course is to help students use their work-time efficiently. Students learn to identify "time wasters" that may occur during their holidays and develop plans to improve their use of time.

Mr. Stephan resides in Grayling.

people of Natadola and the village of Sana-Sana.

I hiked in some 6 or 7 miles from the main highway through rolling hills of sugar cane fields and small farms. It was hot and my pack was heavy but the reward of one of the most beautiful untouched beaches and a village of the warmest, giving people one could hope to find, made the effort all worthwhile.

Natadola Beach was the manifestation of everyone's South Pacific dream beach. The difference from the picture postcards, however, is that it wasn't behind a hotel. In fact there were no hotels, no houses, no picnic areas with swings and grills. It was absolutely untouched save for one dirt road.

Across the road was a small farm which had a well which we were allowed to use for fresh water. We filled our water bottles by dropping a bucket in and pulling up the rope. I camped here for a few days with friends (German, American, Canadian) I had recently met. We spent the days swimming, snorkeling walking or talking with the villagers who immediately befriended us. Even the youngest could speak English. One day I joined the villagers as we swam in a line down a small channel splashing and beating the water as we moved the fish towards the wailing nets at the other end. My reward was fresh fish roasted on a fire waiting on the shore—served on a bed of leaves. We were also fortunate enough to be witness to a village festival which was held to make money for a new village water pump. There was eating, drinking, singing and pure uncomplicated joy. The children played—the adults played. What an amazing place.

A friend told me that I will be a changed person when I return in that you

cannot witness some of these people and places without it affecting you inside. He was right I feel changed somehow already in that I have left part of me here and have taken part of them with me. I have learned much from this simple corner of the world and look forward to sharing it with you when I return.

Well I guess I rambled on enough. Tonight I leave this little paradise in the Pacific and head to New Zealand (where I'm looking forward to a tall glass of real cold milk).

As the mail hasn't been too speedy between me and home, I'll with you all a Merry Christmas perhaps belatedly—but in any case Happy Easter!!

Sincerely,
Steve Rison

Regular Meeting
December 11, 1979

Members present: Bernard Fowler, Elizabeth Wieland, Evelyn Gardiner, Marvin Hallett, Floyd Millikin

Members absent: None

Others present: George E. Baldwin, Michael Hauxwell, Jim Kraus, Dean Goss, Stephanie Pick, Julie Parkinson, Diana Savallisch, Al Schreiner.

Meeting was called to order at 7:30 p.m. Motion by Millikin, supported by Hallett, the minutes of the Regular Meeting of 11-13-79 and the Public Hearing of 11-26-79 be approved as written. All Ayes.

Treasurer's report was given. Motion by Hallett, supported by Wieland, it be accepted. All Ayes.

1. Notification from Marshall and Swift of an increase in the yearly subscription up-dates was received.

2. A copy of the Executive Summary of Draft Clean Water Plan for Northeast Michigan was received from Northeast Michigan Council of Governments.

3. Notice of a Hearing scheduled by the Public Service Commission for Michigan Consolidated Gas Company relative to rate adjustments was received.

4. Notice of Public Meetings scheduled by the Huron-Manistee National Forests to gather public issues for the land management planning process was received. Fowler will attend the meeting scheduled in Mio on 12-12-79.

5. Correspondence from Attorney James M. Rifkin, Lake Margrethe Property Owners Association, was received relative to abandoned junk cars in the lake area.

6. Notice of a Hearing scheduled by the Public Service Commission for Top O Michigan Rural Electric Company was received relative to rate adjustments in monthly billings.

7. Fowler gave a resume of the joint hearing held on 11-26-79 relative to proposed changes in the Cable TV Franchise. Geo. Baldwin requested the proposed change from Channel 50 to Channel 17 be withdrawn. Motion by Millikin, supported by Wieland, that no objection be made in the addition of the Home Theater Network channel as long as the service is optional for the customer. All Ayes. Motion by Wieland, supported by Gardiner, to allow the 7% rate increase in monthly service. All Ayes.

8. Fowler informed the Board that the Constable requested his CB radio be transformed to a scanner type at an estimated cost of \$75.00. No objections were raised.

9. Fowler informed the Board that the State Boundary Commission indicated no action would be taken on the proposed annexation (Cases 79 AR-8 and 79 AR-9) until late 1980.

10. A copy of correspondence to Gordon Glaza from the Department of Natural Resources, Land Resource Program Division, relative to his request for a permit for seawall construction was received.

11. Re-organization of the officers of the Grayling Recreation Authority are as follows: William Bonkowski-Chairman, Bernard Fowler-Vice chairman, Elizabeth Wieland-Secretary-Treasurer. A rebuilt Tucker has been purchased and delivered and the new hill groomer is forth coming.

12. Appointments to the Board of Review were discussed. Wieland moved to accept the recommendation of the Supervisor and re-appoint Ruth Grutch, Donna Renaud, and Bernard Maurer to the 1980-81 terms. Motion supported by Gardiner. All Ayes.

13. Fowler reported on the Organizational meeting held 11-28-79 scheduled by the County Commissioners and the Department of Labor in industrial development. A steering committee was formed.

14. Discussion was held with representatives of the Crawford County Ambulance Corp. on their plea for financial assistance on the purchase of a new ambulance. Many private citizens and non-profit groups have made donations to the purchase of the new ambulance. Only operational funds have been budgeted by the County and no funds are available either through the state or federal governments. After reviewing the request, the following Resolution was offered:

WHEREAS, the Emergency Ambulance Service is operated by the Crawford County Board of Commissioners

AND WHEREAS, the County of Crawford is experiencing financial problems and does not have sufficient funds to purchase a new ambulance

AND WHEREAS, a fund drive has been started in the area to raise the necessary funding to purchase a new ambulance

AND WHEREAS, there is no other ambulance service available to the residents of Grayling Township

NOW THEREFORE, BE IT RESOLVED that the Township of Grayling enter into a contractual agreement with the Crawford County Board of Commissioners to provide ambulance service for the Township of Grayling

AND BE IT FURTHER RESOLVED, that all moneys paid by the Township of Grayling under the terms of the contract be placed in a restricted fund for purchase of a new ambulance

BE IT FURTHER RESOLVED, that the Grayling Township Board authorize the Township Supervisor to negotiate the terms of the contract with the Crawford County Board of Commissioners

Motion by Wieland, supported by Millikin, to adopt the resolution as offered. All Ayes.

15. A copy of the correspondence to the City of Grayling from Airport Manager Allan Livrance relative to financial participation in the 1980 Airport Budget was reviewed.

16. Fowler gave a brief resume of a resolution recorded by Country-side Development Inc. relative to the enforcement Declaration of Covenants, Restrictions, and Conditions for Grayling Mobile Estates 1, 2, 3, & 4.

17. The sale price of the Printer-Pack voting machine was discussed. A recommended price of \$1,000.00 each for the older three models and \$1,500.00 each for the newer models was set.

18. Correspondence from Sheriff Haas was received and reviewed relative to the cost of additional deputies and contractual agreements. More information as to size of force, amount of time spent in the township, availability of cars, etc., will have to be obtained before a decision can be made. The Toll Free State Police No. for law enforcement in our area is 1-800-322-9091.

19. The Federal Census was briefly discussed. The Board felt participation in the publications and encouragement of township residents to reply are essential to the future revenues of the township.

20. Fowler reported on the Personnel Policy workshop recently completed by the Supervisor and Clerk. A draft will be proposed for Board consideration shortly.

21. Supervisor Fowler requested a copy of the map for Zoning Signs so negotiations can be made with the Road Commission to install them.

22. No assessing functions report was filed. Supervisor Fowler informed the Board that the Board of Review had met to make necessary corrections and changes in 1980 rolls.

23. Motion by Millikin, supported by Hallett, to adopt a resolution and authorize the Supervisor to enter into a Cooperative Agreement with the County of Crawford in the planning and implementation of the Federal Housing and Community Development Act of 1974. All Ayes.

24. Fowler reported the cost estimates obtained from Top O Michigan Rural Electric Company for the street lighting requested west of Grayling as follows: Danish Landing \$78.00 yearly plus \$646.57 non-refundable construction aid, Eagle Point \$78.00 yearly plus \$708.85 non-refundable construction aid, and McIntyre Landing \$78.00 yearly plus \$757.74 non-refundable construction aid and \$735.00 refundable construction aid. Fowler will meet with the Construction Design Supervisor and discuss these costs.

25. Three Officials will be attending the MTA Annual Convention in Dearborn and will take advantage of the charter bus being provided for northern Michigan members.

26. A copy of correspondence from the Department of Natural Resources to Norman Parker, Surveyor, indicating the preliminary plat of East Branch Acre No. 2 was conditionally approved was received and reviewed.

27. Fowler informed the Board that estimated revenues for the current Fiscal Year were down considerably as the additional \$18,000.00 swamp tax approved for 1978 has not been received and approximately \$17,000.00 on the special census has been withheld.

28. A copy of the Compensation Commission Report was distributed to Board members for consideration at the next regular meeting.

29. A verbal request was received to consider a tax exempt status for the Wakeley Bridge campground site leased by the County Parks and Recreation Board. Fowler will pursue the matter.

Motion by Hallett, supported by Millikin, to approve vouchers 3858 through 3881 in the amount of \$43,588.89 as presented. Roll Call: Gardiner-aye, Hallett-aye, Millikin-aye, Wieland-aye, Fowler-aye.

Motion by Wieland, supported by Hallett, meeting be adjourned. (9:17 p.m.) All Ayes.

CHARLOTTE, N.C. 28208

Here's a photograph taken from a kayak. You don't bring a ship this close to an iceberg! For underwater the tentacles of this cruel, cold monster may reach out a mile or more.

Life for some folks is a succession of narrow escapes. But these are adventures we can do without. They don't prove us bold sailors. They simply prove us poor navigators.

Frightened men sometimes turn to religion as a refuge when dangers — moral, spiritual and physical — loom too close for comfort. God does not fail us in crisis.

But the every-day function of faith is to pilot men on a true course through the sea of life. The Church cannot sweep away icebergs. It warns us of their whereabouts and helps us give them a wide berth.

Holiday visitors at the home of Mr. and Mrs. Gordon Pond, 804 Spruce St. included Mr. and Mrs. Larry Pond of Livonia and Mr. & Mrs. Jack Morley and family of Bay City. Mrs. Morley is the former Cheryl Pond of Grayling.

Mr. and Mrs. William Eldridge of Rochester, returned home after spending Christmas with their family in Grayling.

Carl and Rose Hatfield hosted an Open House to friends and relatives on Sunday evening, December 23.

David and Sherry Hanson entertained her family during the holidays. Guests were her parents, Arnie and Ruth Strang, of Southgate, sisters Kay Harriott and two boys Jimmy and Jarrod of Riverview, and Carol Summitt, of Taylor. Another sister, Candy Hoffman of Southgate, remained until New Years.

Also visiting was David's son, Lt. Mark Hanson, of Fort Sill, Okla.

Guests at the George Hilton home for Christmas were a son, Tom Hilton, and friend, Debbie Curtis, of Lansing, his sons, George and Russell Hilton of Portland, who spent the weekend before Christmas. Visiting on Sunday were Dan and Pat Thomas of Lansing and Christine Hilton, also of Lansing. The Hilton's son, Terry of Jacksonville, and daughter, Nancy, of Lake Tahoe, also called Christmas Day.

Mrs. Marilyn Hanson & children, Mark, Scott, Curt and Karen Hanson spent Christmas with her parents, Mr. and Mrs. McLean in Alpena.

Mr. and Mrs. Jerry Hayes of Michigan Ave. had as Christmas guests, his mother, Mrs. Hettie Hayes, and his brother and wife, John and Jeanne Hayes of Franklin, N. Carolina.

Visiting at the Bob Winslow home were their family, Joseph and Pat Fleagle and children of Chicago Ridge, Ill. Christmas guests were Mrs. Winslow's sisters and husbands, Wilbur and Bertha Winslow of Roscommon, and the Dave Cooks of Grayling. Penny Winslow is leaving for Bellaire, Fla. to be the guest of John Miller and his family before returning to CMU.

Roscommon Student Receives Scholarship at Alma College

Alma—The generosity of the late Meda Graham in establishing a scholarship trust fund before her death in 1971 is helping 38 students finance their educations at Alma College this year. Among the students who have been designated "Meda Graham Scholars" for 1979-80 is Thomas Weede, a senior from Roscommon.

For 42 years, Mrs. Graham was an employee of the F.M. Sibley Lumber Company in Detroit. When Mrs. Graham, a widow with no family, made out her will, she recalled Mr. Sibley's interest in Alma as evidenced by the many checks payable to the college that she wrote for him. "She decided that if Alma was good enough for her boss all those years, it was good enough for her," said Guile Graham (no relation to Meda Graham), Alma's vice president for development.

"Through the years, the scholarship provisions that Mrs. Graham made in establishing the Meda Graham Educational Fund will help hundreds of Alma students enrich their lives through higher education," said Graham. "A scholarship fund such as hers both benefits students and serves as a memorial to the benefactor." The income from the trust of approximately \$350,000 provides scholarships for as many as 40 students a year at Alma. The awards have been made annually since the 1972-73 academic year.

Criteria for selection of Meda Graham Scholars include academic performance, recommendations from instructors and financial need.

Tom, a 1976 graduate of Roscommon High School, is the son of Mr. and Mrs. Tom Weede, Rt. 1, Box 3360, Roscommon. He is majoring in English at Alma College.

On Navy Cruise; Receives Commendation

Mr. and Mrs. Ed Hartig of Grayling recently received the following letter of recommendation concerning their son Bill who is aboard the U.S.S. Savannah and has been stationed in Norfolk, Virginia for the past year.

At the present time Bill is on a five months Med Cruise which will take him to several different countries.

His wife Carla is residing with her parents Mr. and Mrs. Don Germain while Bill is gone. Bill is a 1978 graduate of Grayling High School.

1. I take great pleasure in commending you for your dedicated service, impeccable loyalty and exceptional character. These traits coupled with your sincere interest in the welfare of your shipmates and command have justifiably earned you the respect and admiration of the entire command. It is for these reasons that you were nominated for and selected as runner-up in November's Sailor of the Month competition for Non-Petty Officer. "Well Done!"

Old New Years

For some people, the resolution is nothing more than what goes in one year and out the other.

Watching the old year out, and the new year in, however, is an ancient tradition. Ancient Romans celebrated the New Year in the spring gathering together to wish one another health, wealth and happiness. But, they were not the first. New Year celebrations, The Vikings welcomed the New Year with revelry and huge fires built in honor of their fierce Norse gods.

State Police Summary on Snowmobile Deaths

Snowmobiling in Michigan in the 1978-79 winter season resulted in 25 deaths and 734 persons injured in 811 accidents, according to the State Police traffic services division summary. Annual average for the past 11 years is 26 deaths.

Compared with the previous season, the totals were decreases of nine in deaths, 160 in the number injured and 207 in accidents.

Registrations of snowmobiles in Michigan total about 420,418. Unknown is the number of machines which are operated on private property and require no registration.

Of the persons killed last season, 23 were in the 15-44 age group while two were older and one was younger. Of the number injured, 517 or about two-thirds of the total were in the 15-44 bracket.

The breakdown of major categories of accidents included overturning, 130, and other non-collision, 97. Collisions with fixed objects total 152, with motor vehicles in transport, 335, with parked motor vehicles, 59, with pedestrians, 11, with animals, seven, and with other objects, 20.

Of the accidents, the majority, or 460, involving 19 deaths, occurred in off-roadway areas while 351 happened on roadways, involving six deaths.

The light factor in the accident total included daylight, 454, darkness/no lights, 284, darkness with lights, 24, dawn/dusk, 43, and light condition not stated, six.

Babson's 1980 Forecast

(CONTINUED FROM PAGE 6)

possible at this time. Though much of the year will be flat, retail trade should end 1980 on a strong note.

AGRICULTURAL PROSPECTS

1979 has been a good year for most farmers. Prices for farm products have been strong enough to improve financial positions, and this has been another fine crop year. The high level of farm exports should be expanded further in 1980. Shortages in Russia and certain Eastern European countries, plus lagging Canadian output, are favorable to domestic farm exports, with consequent benefits to income.

DOMESTIC POLITICAL SCENE

The campaign for the Presidency will command a good deal of attention in 1980, but it should not materially alter the course of business. The primaries and the election may be bruising, and events such as this nation has had to endure recently could have an effect on the final outcome at the polls. Charges, counter-charges, and campaign promises could influence business and consumer sentiment. At the congressional level, the battle for control of both houses will also be tough. However, the Republican party faces a hard uphill fight. It could make notable headway, but fall short of control.

GOVERNMENT SPENDING - TAXES

Government spending will continue upward in 1980, owing partly to inflation. Economic exigencies will spur outlays at all levels of government to fend off more serious dislocations.

Recession troubles will undoubtedly bring pressure for tax-cut legislation. Chances are favorable for tax relief, but that probably will not take effect until 1981. Enactment of a value-added tax is not likely for 1980, and attempts to pare Social Security levies are not likely to bear fruit before midyear.

FOREIGN AFFAIRS

From time to time, business and investment sentiment will be shaken by unrest abroad. The recent appalling anti-American sentiment in many parts of the Moslem world may give other nations cause to doubt U.S. assistance capabilities. Overall, this scenario, and priorities related to next year's election, do not promise well for while progress on important matters such as the Palestinian question and attempts to improve U.S.-Soviet relations. Brush fires in one or more of the world's many hot spots cannot be ruled out, but direct U.S. military involvement is not likely.

MONEY SUPPLIES - INTEREST RATES

The emphasis on anti-inflation credit tightening will restrain growth of the nation's money supply. However, economic problems and election-year considerations will very likely force some easing of the throttle on restrictive monetary policy around mid-1980.

Oppressively high interest rates are already showing signs of easing, at least for short-term borrowing. Lower longer-term interest rates, on the other hand, may not come much before the year's midpoint. Overall, we look for distinct betterment in the interest rate situation by late 1980, but only as compared with recent peak levels.

STOCK AND BOND OUTLOOK

While the U.S. dollar will probably be subjected to buffeting from time to time in the year ahead, the reining in of galloping inflation and betterment in the interest-rates picture will be beneficial to the bond market. Therefore, investors who commence to tie down near-peak interest rates at this time could be well pleased by 1980's end. The strengthening of bond portfolios should initially emphasize issues with near or intermediate maturities before going further out on the maturity scale. Bonds with generous yields are in profusion, to the benefit of fixed-income investors. These include taxable issues and tax-exempt, medium- and conservative-grade bonds, short- and long-term maturities, and high-coupon and discount bonds.

1979 proved to be another year of frustration for most investors, with the stock market showing little progress. Although some stock groups and merger-bait issue did well at various times, the rest of the market was victimized by the unrelenting effects of foreign political upheavals, waves of anti-American demonstrations, and the unyielding grip of inflation and high interest rates. But what was not accomplished in 1979 will benefit investors in 1980 - or at least those with the courage, patience, and foresight to go bargain hunting when attractive values abound. Babson's Reports feels the stock market held its own under a number of ordinarily panic-producing circumstances during much of this past year, and that the year ahead can bring a shift toward more optimism, and longer-term investment planning. There will be opportunities for all portfolio objectives.

Players

(Continued from Page 1)

ts of the fateful murder night, the jury retires to consider its verdict and that verdict determines how the play shall end.

Sue Prause will be seen in the role of the bold, impassioned girl accused of murder and John Watkins will be forcibly pointing the finger of guilt at her as the attorney for the prosecution. Her defense will lie in the hands of Alicia Taylor as the defense attorney. Corroborating her implausible contention will be Tim Taylor portraying a suave and winning racketeer.

The list of witnesses for the prosecution will include the murdered man's young wife, to be played by Ronda Morford; her banker father to be played by Steve Kucharek; Larry Goodale as a young private detective; Pam York as a funny Swedish maid; Mark Hamilton as a Swedish bookkeeper and Gussy Konopnicki as a fan-dancer with a "nom de plume".

Robert Kesteloot will preside from the bench and others in the cast will include George Morse, Paula Dosch, Shelia Burpee and John Gardiner. Tickets are now available from any member of the cast or may be ordered from the Grayling Community School Office. Curtain times have been set at 8:15 on January 12 and 2:15 and again at 8:15 on January 13. Price of admission is \$1.50.
